

Motion Technologies, Inc.

Limited Warranty

All Control Panels are subject to these terms and conditions.

1. **Shipment:** Freight not allowed. Costs incurred from any special handling, insurance, or more expensive carrier requested by the purchaser shall be assumed by the purchaser.
2. **Limited Warranty (Parts Only):** Motion Technologies, Inc. will provide and/or install components into control panels in accordance to an approved B.O.M. and drawings. Motion Technologies, Inc. warrants that its' panels will be free from defects in material and workmanship under normal use and service for a period not to exceed twelve (12) months from the date of sale to the purchaser. Motion Technologies, Inc. will not be liable for light bulbs, fuses, damages and failures due to misuse, improper installation, abuse or abnormal conditions such as temperature, dust or corrosives. Motion Technologies, Inc. will not be liable for failures resulting from operations above rated capacities, water, fire, lightning or other acts of God. Motion Technologies, Inc. is not liable for incidental and consequential damages. Motion Technologies, Inc. is not liable for any repair or additional parts installed in the panel by others. Motion Technologies, Inc. is not liable for alterations made to the panel by the purchaser or others. Any items added to the control panel or modifications made by the purchaser will immediately void this warranty.
3. Motion Technologies, Inc. agrees to replace the original manufacturer components installed in the control panel under the same warranties and guarantees provided by the component manufacturer. This agreement is made for the components that have been originally installed into the control panel by Motion Technologies, Inc. and have been subject to only normal and proper usage. The agreement to replace such components is limited to the F.O.B. Shipping point. Motion Technologies, Inc. is not liable for damages, direct or consequential, or for delays, installation, transportation, adjustment or other expenses arising in connection with said components. Motion Technologies, Inc. is in no way liable or responsible for injuries or damages to persons or property arising from or out of use of the control panel or components within described.
4. Motion Technologies, Inc. does not individually warranty the components used in the control panels. Any such warranties is the responsibility of the original manufacturer of the components. Motion Technologies, Inc. is not responsible for any damages resulting in the use of a control panel.
5. Warranty is considered null and void if damage was caused by improper line voltage, damage to the control panel components are a result of external field device failure, repair work or modifications done by others, modifications to the control panel, evidence of manipulation of the MSP overload setting, failure to report the MSP tripping from overload to short circuit, failure to maintain control panel components according to component specifications set by the manufacturer of the components, failure to notify Motion Technologies, Inc. within twenty-four (24) hours of occurrence.
6. To request Warranty Service, please contact us using the phone number below to request an RMA. You must provide proof of purchase and date of sale to exercise your rights under warranty.
